

The May Meeting and ModelExpo are Cancelled

The club officers discussed whether it would be possible to hold the May club meeting, and decided to cancel it.

Likewise, the contest committee discussed this year's ModelExpo and came to the reluctant conclusion that it, too, must be cancelled entirely due to the uncertainty of being able to host such a large gathering. We will instead focus our efforts on ModelExpo 2021.

Thank you for your understanding and patience during this uncertain time.
